INSTRUCTIONS - READ CAREFULLY

NOTICE:

Your complaint is subject to dismissal unless it conforms to these instructions and this form.

1. To start an action you must file an original and one copy of your complaint with the court. You should keep a copy of the complaint for your own records.
2. Your complaint must be legibly handwritten, in ink, or typewritten. You, the plaintiff, must sign and declare under penalty of perjury that the facts are correct. If you need additional space, **DO NOT USE THE REVERSE SIDE OR BACK SIDE OF ANY PAGE.** ATTACH AN ADDITIONAL BLANK PAGE AND WRITE ON IT.
3. You must file a separate complaint for each claim you have unless the various claims are all related to the same incident or issue or are all against the same defendant, Rule 18, Federal Rules of Civil Procedure. Make a short and plain statement of your claim, Rule 8, Federal Rules of Civil Procedure.
4. When these forms are completed, mail the original and one copy to the clerk of the United States district court for the appropriate district of Texas in the division where one or more named defendants are located, or where the incident giving rise to your claim for relief occurred. If you are confined in the Texas Department of Criminal Justice, Correctional Institutions Division (TDCJ-CID), the list labeled as "VENUE LIST" is posted in your unit law library. It is a list of the Texas prison units indicating the appropriate district court, the division and an address list of the divisional clerks.

FILING FEE AND IN FORMA PAUPERIS (IFP)

1. In order for your complaint to be filed, it must be accompanied by the statutory filing fee of \$350.00 plus an administrative fee of \$50.00 for a total fee of **\$400.00**.
2. If you do not have the necessary funds to pay the fee in full at this time, you may request permission to proceed *in forma pauperis*. In this event you must complete the application to proceed *in forma pauperis*, setting forth information to establish your inability to prepay the fees and costs or give security therefor. You must also include a current six-month history of your inmate trust account. If you are an inmate in TDCJ-CID, you can acquire the application to proceed *in forma pauperis* and the certificate of inmate trust account, also known as *in forma pauperis* data sheet, from the law library at your prison unit.
3. The Prison Litigation Reform Act of 1995 (PLRA) provides "... if a prisoner brings a civil action or files an appeal *in forma pauperis*, the prisoner shall be required to pay the full amount of a filing fee." See 28 U.S.C. § 1915. Thus, the court is required to assess and, when funds exist, collect, the entire filing fee or an initial partial filing fee and monthly installments until the entire amount of the filing fee has been paid by the prisoner. If you submit the application to proceed *in forma pauperis*, the court will apply 28 U.S.C. § 1915 and, if appropriate, assess and collect the entire filing fee or an initial partial filing fee, then monthly installments from your inmate trust account, until the entire \$350.00 statutory filing fee has been paid. (The \$50.00 administrative fee does not apply to cases proceeding *in forma pauperis*.)
4. If you intend to seek *in forma pauperis* status, do not send your complaint without an application to proceed *in forma pauperis* and the certificate of inmate trust account. Complete all essential paperwork before submitting it to the court.

CHANGE OF ADDRESS

It is your responsibility to inform the court of any change of address and its effective date. Such notice should be marked "**NOTICE TO THE COURT OF CHANGE OF ADDRESS**" and shall not include any motion for any other relief. follow-up visit on 8.2.18 that I have severe back problems and at that time she reduced my walking restriction from 75 yards to 50 yards, and she is going to search for a smaller unit to transfer me to. During their search, they also seen that ortho spine recommended physical therapy. So they transferred me to the Estelle Unit to take physical therapy, to help start to walk better. While I was the Estelle Unit I was hurt badly by an officer manhandling me that sent me to the hospital. This was reported to the administration thereby by way of experience # 2019057083, also to medical they had to come get me and take me to the hospital and to the spine doctor on 1.22.19 and they placed the incident in my medical records. & Ortho-spine recommended that I be placed in a wheelchair until I get my MRI. Medical at Estelle denied me medical attention to cover up that they hurt me, and its on record that Dr. Betty Williams said I was Malingering (Faking), but my MRI showed otherwise. My care manager for ortho-spine arranged that a wheelchair would be waiting at the Estelle Unit when I get off the bus from my hospital visit. She said she e-mailed Dr. July @ RME and a wheelchair was there, her name is Cheryl. Estelle Unit is not a wheelchair unit and so medical there was trying to take my wheelchair. RME (Regional Medical Facility) is at Estelle Unit, but is separate medical wise. Warden Dickerson, Warden Vaughn, Major Smith made sure that I kept my wheelchair, because they saw as a lay person something was seriously wrong. All of this was

interrupting my physical therapy because when I take physical therapy is 1500 yards round trip when I had a 50 yard walking restriction. On 1.31.19 another Doctor there put in for me to be transferred to a smaller unit, I could not be transferred because physical therapy had a hold on me. I talk to a nurse the day before I refused physical therapy. I do not know her name, but its in my medical records and they will not let me purchase them as of now. The nurse and I discussed that I should refuse physical therapy to get transferred to my primary unit and they will see in your records where ortho-spine recommended me a wheelchair until my MRI and they will issue you a wheelchair and transfer you to a wheel chair unit. I had a meeting with Warden Dickleson, Warden Vaughn, because my family got involved, and based off the facts. The Doctor (name in my records) order me to be transferred, I needed to go back to my primary unit to get a wheelchair, and I already refused physical therapy, they had major Smith expedite me back to the Gib Lewis Unit. Upon getting off the bus at the Gib Lewis Unit on March 4, 2019 I sat on the ground. I was in a lot of pain from the long bus ride. They ^{tried} to make ~~is~~ walk a good 500 yards carrying heavy property, when I had a 50 yard walking restriction and a lifting restriction. At that time I come to find out Dr. Betty William lifted my 50 yard restriction in an attempt to cover up that I got hurt on 1.17.19 only 17 day after I got the Estelle Unit and after it was just reduced from 75 to 50 yards on 11.29.18. But I seen the spine Doctor on 1.22.19

and he recommended wheelchair use & saying walking
Restriction Lindsey, Ronald Wayne M.D. (Staff).
Ort-Orthopaedic Surgery & Chen Jie, M.D. (Resident).
Ort-Orthopaedic Surgery and had a Follow up with another
Doctor on Estelle Unit that put in for a transfer to a smaller
unit unit 1.31.19. I'm sitting there trying to explain my
situation, but they did not care, they want me to get up
and walk. I could not do it, so they wrote me a
case and called medical to come get me in a wheelchair
to do a physical for Pre hearing Detention. Now
I'm at Medical as soon as provider Neholebah seen
me, she told security that she review my records for
20 min, and said that nothing is wrong with and I
could walk. That's also what Sgt Rodgers put into
his file. So security grabbed me by both arms and
pulled me out the wheelchair all because there's no-
thing in my file about a wheelchair. I cannot see
how she miss my ortho visit on 1.22.19. So security
had me in this hold that had me leaning forward
going down the hill. I ~~also~~ almost fell forward face
first headcuffed behind my back the lev. seen this
and they got a wheelchair and took me down the
to the Live Building (Administration Building). They put
me in the cage, and when they call me to see classification
the other inmates tried to help me but officer Sumlin,
Yolanda told them it's nothing wrong me, but they seen
me get wheeled to the bus at Estelle Unit. So I tried to
hold on to everything I could but end up falling on the desk
and Sumlin threaten to spray me for touching the desk

Now I had sit down. I sat down outside the door to classification. The only reason I went inside was maybe I could talk to the Warden and explain what's going on and maybe she could talk to the Warden at Estelle Unit, because I had a 30 min. meeting with them and they sent me back to the Estelle Unit. At point I'm in serious pain both of legs where numb & pain shooting all in my back. So Capt. Griffin heard the commotion and came and told me to get up. I told him I could not, and Samliw told him that I can't because Medical said there is nothing wrong with me. She wrote me case so all this is in her report. So Capt Griffin bent down and put the pepper spray direction in my face inches from my eyes. I told go ahead a spray me because can't stop him and I can't get up. Sgt Rodgers told him not to spray me, because everybody in the offices would be effected by it. So Sgt Rodgers and a Field Officer manhandle me to pick me up and when I get up I fell forward against the desk again knocking things off it, and they got really mad grabbed me practically dragging out the door. When we got outside going through the going out the line building I almost fell again and I reached my right arm out to grab the post to keep from falling. That's when Sgt Rodgers said I swung at him. Now mind you there where a lot of witnesses. They threw me down face first handcuffed me behind my back, then turn me over ~~there~~ and shackled my legs

The Officer that shackled my legs held them. The Field Officer was hold my torso down with knee in my chest punching me in the face and each time he did my head bounced off the concrete, while Sgt Rodgers was choking me. I almost died, but medical showed up. and they had to stop because they were in the wrong. There are a lot of witnesses, they all rode the bus with me, I do not know ~~there~~ their names but it easy for a lawyer to get the roster of all who went to Gib Lewis that day, and they put all of us in the same cage. They remember because the whole unit knows what happen to me. It was that bad. My head was bleeding, my nose was bleeding, Blood vessels was bust in both eyes. Both eyes black and my mouth was bleeding including lips. Sgt Rodgers used excessive use of force by me being handicap. Both women 1/2 major at Estelle unit could you I was in no shape to even attempt to fight back. Gib Lewis at this time was mostly 25 and younger. They are not used to deal with handicap people in there 40's. Sgt Rodgers wrote in his report that Provider Ncholebah told security that this nothing wrong me and there is nothing in my records for a wheelchair. He used too much period, but he did it to a handicap man. To make matter worse how did provider Ncholebah forget she put into my medical file that I has serious back problem reduced my walking range to 50 yards on 11.29.18. Also with TPCJ policy if I got a 50 yard walking restriction, and have to walk more than 50 yards, I have to have use of a wheelchair. That was the

Case 9:20-cv-00238-MAC-ZJH Document 1 Filed 12/01/20 Page 11 of 26 PageID #: 11
purpose of her trying to transfer me off the Lewis,
because everywhere I have to walk is more than 50 yards.
They have allow me use of a wheelchair, and since
Lewis is not a wheelchair unit she was trying to
transfer me. How she forget she was the one that said
there is something wrong me on 11.29.18 then on March 6, 2019
she told security there is nothing wrong me and they
wrote that in their report. Then I went to get my
MRI on April 17, 2019 the following month and
when I get my follow-up visit with Ncholebah,
she issues me a temporary wheelchair pass on 5.13.2019.
At this time I was locked in a cell 24 hrs a day
so I did no walking, because they changed my custody
level. They hurt me more than I need to be. She practice
deliberate indifference and he used excessive use of force.
I need help with this, because I really don't to much.

NURSE DURANT Refuses me Medical Attention @ the Gib Lewis Unit. There was a use OF Force on me 3.6.19, because Provider Georgiana NCHotabah NP told Security Staff that Ortho-spine @ Galveston never put into my File for me to have a wheel chair up until I have my MRI for new injuries that occurred @ the Estelle Unit on Dec. 21 or 22 2018 when I was transferred there for physical therapy. On Jan 22, 2019 (Ortho-spine) Requested that I be put into a wheelchair until I have my MRI. Also my Case Manager @ Galveston UTMB email Dr. Judy MD @ PMF for me to have a wheelchair until once I stepped off the bus coming back from Galveston; there was a wheel chair there. I've had that wheelchair since Jan. 22, 2019. Witnesses Warden Dickenson & Fawn Major Smith Capt. Jordan, Rev. Wever The Chaplain, Sgt Williams Sgt. Parker all the staff @ Estelle Unit PLUS all the cameras @ Estelle Unit has me on camera in that wheelchair. I was in a wheelchair up until I got to Gib Lewis I was rolled to the infirmary in a wheelchair to get a follow-up from my Galveston visit on Jan. 22, 2019 with medical to update my file since Gib Lewis is my primary unit and it's been noted to me I would be transferred again since Gib Lewis do not have wheelchairs but Boyd Unit does and it's built just like Gib Lewis. Consequently Georgiana NCHotabah NP Told security @ infirmary that Galveston on Jan. 22, 2019 never requested for wheelchair and reduce walking range to 50 yards and transfer to compatible unit. This provoked security to Force me to walk in which the end result was use-of-force Now my back hurts even worse, and I have an untreated concussion coupled with a

Disciplinary. Prior to this I had a Degenerative Disc Disease with finding that was worse on July 2018 image than 2017. Review Medical Records to July 24, 2018 and review Dr Warren Spine specialist statements and my follow-up visit Aug. 2, 2018 from Dr. Wright MD to get a clear view of my ~~prior~~ prior condition. There (3) spine Doctors and (1) Medical Doctor that say I have spine issues. Because @ Galveston there are always (2) Doctor that sign off on the findings of the patient. A.D. OLOOT MAR 12 2019

You must attach the completed Step 1 Grievance that has been signed by the Warden for your Step 2 appeal to be accepted. You may not appeal to Step 2 with a Step 1 that has been returned unprocessed.

Give reason for appeal (Be Specific). I am dissatisfied with the response at Step 1 because...

First, I did not receive my step(1) on April 18, 2019, because I was at the Estelle Unit My MRI was on April 17, 2019. I did not get my grievance back until April 26, 2019 after chained in on the 24th. First to give a rebuttal to the response on the step(1). When I rode the chain bus I sat at the front of the bus. I did not walk off the bus, I climbed, I used both seats on either both sides of me as crutches, and used both bars on both sides of me to angle myself off the bus. It is easier going down the (3) step than up - (gravity). If going down (3) steps is constituted as walking, in which (3) steps equals a yard. Immediately after I exited the bus, I sat down with my back against the column at the buses front right tire and rode another step and a 1/2. The proof is I received a disciplinary for this, case # 20190167307. It states I refused proper evaluation by provider. I never was evaluated. I never left the cage in front of the infirmary. Provider NCHOTEBAH N. P. saw me in a wheelchair, that when Sgt Balcer asked her if I needed to go to the back for evaluation she said no, and stated that there is nothing wrong with me, I can walk, and orthospine never put in my file requesting a wheelchair on Jan. 22, 2019. The proof of this statement made by NCHOTEBAH, Review Sgt Christopher Rodger notes for case # 20190164945, use of force notes it states exactly that NCHOTEBAH told security there is nothing wrong with me, I can walk and the step(1) say she said I didn't need a wheelchair. I sustained new injuries on Dec. 22, 2019 and it's been reported to administration grievance # 2019057083, also to medical I was chained out (911) also ortho spine 1-22-19. In that visit to ortho I stated I could not walk long distances too much pain. From the bus to the infirmary is about (400) yards. Ortho ordered (50) yard walking restriction, and a wheelchair until MRI so that I would not further injure myself until we know what's wrong. Furthermore, on 11-29-18 NCHOTEBAH reduced my restriction to 50 yard from 75 yards off ortho notes on 7-24-18 and (clinic notes on 8-2-18 by Dr. Wainwright, D.) All of a sudden there is nothing wrong with me. Read wheelchair policy 6-51.9 & 6-51.9 Attach. A & B. I been diagnosed with Degenerative Disc Disease on 7-24-18 by Dr. Wainwright, M.D., ortho orthopedic surgery, co-signed by Ronald I-128 Front (Revised 11-2010)

Addition Dr. Wright M.D. 8-2-18 states I have severe back problems. Grievance Response:

A review of the Step 2 medical grievance and documentation has been completed regarding your medical complaint to have proper medical care and be assigned a wheelchair.

According to medical documentation you were given a temporary pass for a wheelchair by Ortho spine Hospital Galveston (HG) 01/22/2019 until your MRI was completed. Your MRI shows mild degeneration of your spine without spinal stenosis. You have been afforded an appointment with the unit provider 04/08/2019 to discuss these findings when you became loud, hostile and argumentative with the medical staff. You continued to talk loudly to the provider and requested to be transferred off your current unit of assignment. This request was denied as there is no medical indication for a transfer. Your request for a wheelchair was also denied. You were removed from the medical clinic by security due to your behavior. You have been afforded an appointment to Ortho spine for follow up 07/2019.

The review of the documentation indicates that you did not attempt informal resolution of your medical concerns with the medical supervisory staff. Your facility has an Informal Complaints Process in place. If you have future medical, dental, or psychiatric related complaints, you must first attempt resolution through this process. See HSA-34-CMHC A.12.1.

You must try to resolve your problem with a staff member before you submit a formal complaint. The only exception is when appealing the results of a disciplinary hearing.

Who did you talk to (name, title)? Sgt Baker When? 3.6.19

What was their response? NONE

What action was taken? NONE

State your grievance in the space provided. Please state who, what, when, where and the disciplinary case number if appropriate

This is an appeal to Case # 20190164945 Assault on Officer. ON 3.6.19 I received (2) cases, one for creating a disturbance and this one. Question officer Sumlin, Yolanda Cov about the statement that I'm about to make is true. At 12:30 3.6.19 @ line Bldg. @ Front desk I struggled to walk in after officer Sumlin told (2) offenders not to help me into the line Bldg. I came in a sat on the floor, because I was in tremendous pain after the chair ride and the attempt to walk. Officer Sumlin and I had a volley of exchanged words because she was ordering me off the floor but I was in too much pain. Capt. Griffin came out his office and confronted me himself. I told him that my back hurts and I was in too much pain that I supposed to be in a wheelchair via Ortho-spine. Jan. 22, 2019 Galveston visit until I have my MRI - check Medi Records. Capt. Griffin Ask me if I was to have shades, I took my shades off and broke them, because we worried about my glasses more about me being in pain so I broke them to end that conversation. He told me he would spray me orange. I told him go ahead. He told me twice to get off the floor I got up on second order. By this time there was more officers present. I put both hands on desk while a officer had each arm. Capt Griffin told Sumlin to retrieve the black pouch out my pocket that contained my ID and personal info. She did so, and they placed me in hand restraints and escorted me out the line Bldg. to go to Medical for a PTH physical for creating a disturbance. — Ask Officer Sumlin is this a true statement — MAR 14 2019

Now I pose a question. IF I was escorted out the line Bldg. in hand restraint to get a PTH physical for creating a disturbance. When did I have opportunity to ball up my fist and strike Sgt Rogers in should/neck with my hand cuffed behind my back? To add to injury, Sumlin wrote the case for 12:30pm, and Rogers wrote the case 12:45pm. It only take about 30 sec. to walk from line Bldg desk to

out front of line Bldg. 15 min. is a long time, long enough for error. There is a lot of Grey area that's unexplainable. Since it happen in front of line Bldg. Everybody I came on chain with was in the cage. Check in chain list for 3.6.19 and question those offenders to what really happened. They will tell you I was assaulted in handcuffs no one could tell you I ~~start~~ hit Sgt. Rodgers because I was in handcuffs. Check cameras @ D.E.F for images that may occurred in front of the line bldg at this date. I've heard from an officer when I was here in Dec. 2018 that it caught images of inmates doing wrong. I made a mental note at that, check those cameras also ABC, MAR 14 2019

Action Requested to resolve your Complaint.

I was almost murdered by Sgt Rodgers @ the Gib Lewis Unit while Capt. Griffin onlooked. I would only wish that you all would do an investigation, because if you do so you would find that I did not strike Sgt Rodgers, plus it was too many witnesses, beside officers only seeking to protect their best interest motive to fabricate. Sgt Rodgers literally tried to choke the life out of me while one officer pressed on my chest to hold me down hitting in the face while another officer held my legs down, coupled with my hands cuffed behind my back & my legs shackled. If any attempt of a piece of an investigation will prove this. The whole chain bus was there I rode in on. Even though I do not know any of the officers I know they will say I was wheeled to the bus in a wheel chair & that they tried to kill me beating me in handcuffs. I know they will say this, because its the truth. I only ask that you do not write me off like you do others and do the right thing and get OIG involved instead of using selective truth avoiding the true issues did I actually do what he said I did, and did he ~~not~~ do what I saying he did instead using already to go responses "There is no procedurally error." I got some response on many grievances with no investigation for the truth. It is often used when you have ground to stand on, so they use no commital avoidance. Know it will be my duty to reveal what happen to me and the common practice of the officers @ Gib Lewis. I witnessed already in 1 1/2 months with (3) weeks of lock down officer beating inmates in handcuffs. This grievance is about my 8th amendment being violate "Excessive force" by prison guards constitutes cruel and unusual punishment. Hudson v. McMillian 503 U.S. (1992) when it is not applied "in a good faith effort to maintain or restore discipline" but instead is used to "Maliciously and sadistically cause harm."

This is an appeal to case # 20190165489 - creating a disturbance. I was sitting on the floor @ the Admin. Bldg., because I was in significant pain, and security was trying to make me do things that are beyond my means. The ADA prevents discrimination against people with disabilities 42 USC § 12101-12213. As of right now I'm physically inept. I left the Gib Lewis Unit and transferred to Estelle right before Christmas for physical therapy. While I was at the Estelle unit I sustained new injuries. I've been in a wheelchair since Jan. 22, 2019, after my ortho-spine visit. I reported this incident to ortho-spine; the injuries I sustained, and how they were sustained - check Med. Rec. Ortho-spine requested that I be placed in wheelchair until MRI to prevent further injury and to prepare me for surgery. My injury was also to Medical Dec. 21-22, 2019, and I went to hospital (911). The injury was reported to Administration by way of grievance, in which, the grievance is in the Set 2 phase - grievance # 2019057083. The plan given to me by nurse was to refuse physical therapy, go back to Gib Lewis (my primary unit), and the provider will see on Jan. 22, 2019. Ortho-spine requested wheelchair; they will give you a temporary wheelchair, and send you to a compatible unit that meet your needs, which was also requested by ortho-spine. What transpired was that Provider NCHOTEBAH, GNP told Security Staff that ortho-spine never requested a wheelchair and that it's not in my file. (Check Medical Records ortho-spine Jan 22, 2019. This caused security to force me to do things that I'm unable to do. This is called deliberate indifference. On March 4, 2019 @ Approx 12:45pm I had a meeting with both wardens @ Estelle about my issues, because family complaining (verify). They had me expedited by way Major Smith to Gib Lewis, so I can get medical treatment that's needed, since Gib Lewis is my primary unit. Instead, I received disciplinary, jumped on, 6.5 and sustained more injuries. This would have never occurred if Provider NCHOTEBAH

MAR 18 2019

G NP would gave wheelchair pass and shipped me to a Unit that is compatible — (A Medical Unit). Furthermore, in the CMHC policy guidelines ~~§ 51.9~~ § 51.9 Attachment A, there is a special wheelchair committee, treatment plan for offenders refusing to walk. Here we see another alternative instead of use of force of the physical disable. I've been discriminated against due to my disabilities, which is directly against the ADA 42 USC §§ 12101-12213. I had no other alternative but to sit down @ Admin. Bldg. to relieve pressure and severe pain in back & legs. Also note, I've been in a wheelchair for (42) day at Estelle before I arrived at Gib Lewis by way of Case manager HG. E Mail PR: July @ RMF for wheelchair to be given.

This whole incident started because provider NCHOTERBAH told security that there wasn't anything wrong with me and I will just fine, and that ortho-spine on Jan. 22, 2019 did not request wheelchair until MRI results. Check Med Records ortho-spine Jan. 22, 2019. I've been in a wheelchair @ Estelle Unit since Jan. 22, 2019 - March 6, 2019 when I got transferred to Gib Lewis Unit. On March 18, 2019 I saw provider Hansaw N.P. for follow-up ortho-spine. She saw that ortho-spine did in fact request wheelchair. Instead of given me a wheelchair she gave me a walker. Even a walker proves I need assistance in walking. The true reason why I was denied a wheelchair, because it would be an omission of guilt on their part. Despite me having a walker each time I went to medical on April 2, 2019 - April 8, 2019 I was wheeled in in a wheelchair. Even a layperson such as security can see that I need a wheelchair. Review cameras. question escort officers. I sat down because I was in extreme pain and could no longer walk.
